EdgeHacks: Sponsorship Package

42 Silicon Valley: 6600 Dumbarton Cir, Fremont, CA

September 2-3, 2017

ABOUT US:

The EdgeHacks team is a group of self-driven students who enjoy computer science, and want to connect our peers in the Bay Area to other people who share similar interests. We believe that hackathons are the best mediums for helping introduce new topics and spreading passion for computer science.

LOGISTICS:

EdgeHacks will host approximately 150 high school students all across the Bay Area with various skill levels of computer science at 42 Silicon Valley, located in Fremont. It will be held on September 2, 2017 from 10:00AM PST to 12:00PM PST on September 3, 2017.

WHY SPONSOR?

EdgeHacks gives companies an opportunity to make a lasting impression on attendees. Although many of the attendees may have little to no experience in computer science, they have strong interest in the field. Being a sponsor will not only help foster the attendees continued interest, but also allow your company to build recognition among a new generation of programmers. Additionally, it allows companies to explore possibilities with their APIs or other developer tools and receive instant feedback on their user friendliness.

HOW CAN YOU HELP?

- Bring a developer or staff to the event!
- Donate money directly, allowing us to accommodate all needs
- Bring promotional material such as t-shirts, stickers, and/or hardware, which can be a great way to popularize your brand among attendees
- Sponsor a game or event! Spread more about your company and its culture to hackers who need a break between intense coding sessions
- Provide an API into your company's services to gain instant feedback about what developers think of it.

BENEFITS:

EdgeHacks welcomes all sponsors! The table below provides an idea of the benefits we will provide for cash sponsorship. However, we appreciate any cash and non-cash sponsorship, and all sponsors will have their company logo on our website and promotional materials for the event.
